About this item

Product details Specifications

The Backyard Discovery 20 x 12 Beaumont Cedar Pergola was designed and engineered in three larger footprints to accommodate generous spaces that command pizzazz. The Beaumont's alluring all cedar traditional design lends visual appeal to this brawny pergola. In addition to its beauty, you can be confident in the Beaumont as it is a Pro-Tect™ certified performance structure; certified to withstand up to 100 mph winds. With both dual structural cross beams and corbels along with robust 6 x 6 posts, the Beaumont pergola is rich in quality, strength, endurance and durability. Exclusive to Backyard Discovery, the Beaumont pergola also features the customizable PowerPort™ with three electrical outlets and three USB ports. Fine yet functional, the Beaumont pergola is sure to make a grand impression!
