Hi Janice

I was wondering if we would need commission approval to add wood ties along our sidewalk on Claremont. There is a lot of ground erosion and vegetation growth that goes into the sidewalk. Our neighbor on Upper Mountain has this and we would like to continue it down Claremont. Attached are pictures. Can you let me know what you think?

Thank you
Peter

Unfortunately, that is too late to make next week's meeting. We will have to schedule your application for November 9.

My apologies Janice but I didn't see you email until just now. We will have everything ready no later than early next week. Thank you.

Yes. Please provide all information you have ready by noon today as we are mailing the meeting packets this afternoon. We can distribute the sketch to the Commission members via e-mail.
